

A MESSAGE TO OUR VALUED CUSTOMERS

More than fifty years ago, Sysco founded the foodservice industry as we know it today. Since then, we have led with integrity, inclusion and responsibility, all the while innovating the way forward. But we have always aimed to be more than just a foodservice company. Sysco plays a vital role in the world beyond delivering success for our customers and industry and providing a great place to work for our associates.

We connect people and places around the globe. We share food and make unforgettable moments possible. We care deeply for our colleagues, our customers and our communities. And this year, an important part of our transformation is to embrace and rally around our newly developed Purpose:

CONNECTING THE WORLD TO SHARE FOOD AND CARE FOR ONE ANOTHER

Our Purpose is intended to answer the question “why do we exist?” In our search, we learned that the greatest companies are fueled by a common sense of purpose that grounds them in the decisions they make, the work they do and the people who work for them.

Last year, we began work to develop a Purpose statement for Sysco that would unify our company around a common goal that would guide not only what we do as a company, but the impact we can make in the world every day.

Sysco’s new Purpose statement serves as our *why* and is the foundation for every goal we set, each decision we make and all the actions that we take. Globally, we will come together, with everyone having a seat at our table, and collectively move forward with Purpose on behalf of our customers, our partners, our communities and each other.

Every customer, every day, being treated like family... *that* is our Purpose being brought to life. As we connect the world, share food and care for one another, we will continue to support you in every way possible, delivering success for you through industry-leading people, products and solutions. This purpose-led approach is foundational to all elements of our business strategy, inspiring our associates who bring a strong commitment and passion to *be* the best and *do* the best for our customers.

Collectively, our Sysco associates are working together to define the future of foodservice.

You are what drives us forward and gives life to our Purpose. You are our constant source of strength and inspiration to be the best Sysco we can be. Thank you for continuing to trust us with your business and for voicing how we can continue to serve you better as we move forward, purposefully.

To help convey
what this means, I am
pleased to share with you
Sysco’s Purpose film,

SEAT AT THE TABLE,

which beautifully demonstrates the
meaningful impact we can have when we
are connecting the world to share food
and care for one another.

Thank you for your valued partnership.
